1288-985

June 1, 1988

Honorable William H. Webster  
Director of Central Intelligence  
Washington, D. C. 20505

Dear Judge Webster:

As you know, the House Permanent Select Committee on Intelligence issued a report last year entitled United States Counterintelligence and Security Concerns - 1986. The Committee remains extremely interested in these issues, and we are most appreciative of the cooperation the Agency has given our staff in keeping it informed and up-to-date.

As a follow-up to the report, the Oversight and Evaluation Subcommittee is conducting a series of hearings to review steps taken by the executive branch to improve the Government's counterintelligence and security posture.

The second of these hearings will focus on personnel and industrial security issues in the intelligence agencies. The Subcommittee requests that [redacted] Director of the Office of Security, and any other representatives which you deem appropriate, appear at a hearing scheduled for June 15, 1988, at 9:30 a.m. An outline highlighting issues to be covered in his testimony is attached. [redacted] testimony should consist of a prepared statement of approximately twenty minutes duration, and will be followed by questions from Members of the Subcommittee. The Subcommittee requests that all prepared statements be received 72 hours prior to the hearing, including paper copies of any charts or viewgraphs to be used as part of his testimony.

25X1

25X1

In addition, it would be helpful to have a representative present from the Intelligence Community Staff since it is our understanding that they have also been involved in intelligence community efforts to improve and support interagency efforts on security issues.

Staff contacts for this hearing are Mr. Richard H. Giza and Mr. Bernard R. Toon, telephone 225-5658 and 225-0788, respectively. We appreciate your help and cooperation.

Sincerely,

*Anthony C. Beilenson*  
Anthony C. Beilenson  
Chairman, Subcommittee on  
Oversight and Evaluation

MEMORANDUM FOR: Acting Director of Central Intelligence

VIA: Director, Intelligence Community Staff  
Deputy Director, Intelligence Community Staff

FROM:   
Director, Community Counterintelligence and Security  
Countermeasures Staff/Intelligence Community Staff

STAT

SUBJECT: Views on HPSCI Counterintelligence and Security  
Countermeasures Recommendations

REFERENCE: HPSCI Report, "United States Counterintelligence and  
Security Concerns - 1986" dated February 1987

1. The attached annotated HPSCI CI/SCM recommendations are provided FYI in response to your telephonic questions. The annotations are uncoordinated CCISCMS views that:

a. give a subjective judgment on the validity of the several HPSCI recommendations,

b. comment on the uniqueness of the recommendations, and

c. provide a judgment on whether meeting the recommendations would require a new initiative.

2. While the HPSCI report is contentious, it is close to the mark. It does not raise any new issues, but the recommendation on need-to-know has no close parallel in current relevant documents. Implementation of the President's report, the Stilwell (DoD) report, the SSCI report, and/or several NSDDs would respond generally to the HPSCI recommendations.

3. CCISCMS will keep the HPSCI recommendations in mind as the Community proceeds to respond to Presidential direction to the DCI to report twice yearly on implementation of the President's report. Data will be maintained to permit responses to HPSCI queries on disposition of its recommendations.

4. The HPSCI recommendations, like those in the other relevant documents, can be met only if the administration is willing to devote significant funds

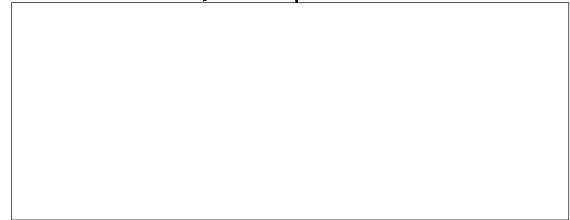

UNCLASSIFIED

UNCLASSIFIED

to the process and, of equal and perhaps greater importance, is willing to actively support good security practices regardless of the inconvenience or inefficiency that results from such support. The NFIC bureaucracy has not yet, in my view, displayed that support.
